

# Md.Naimur Rahman

## Web Developer

[naimur.wd@gmail.com](mailto:naimur.wd@gmail.com) | +880 1648560748 | Rangpur, Bangladesh

[Portfolio](#) | [Github](#) | [LinkedIn](#)

### Career Objective

Passionate Web Developer skilled in building responsive web apps using React.js, Tailwind CSS, and Firebase. Proficient in full-stack development with MongoDB, Express.js, and RESTful APIs. Dedicated to writing clean, maintainable code and constantly expanding my tech stack.

### Skills

**Frontend** : HTML, CSS, JavaScript, React, React-router, Tailwind CSS, Bootstrap, Framer-motion.

**Backend** : MongoDB, Express.js, Firebase, JWT.

**Tools** : Git, GitHub, Axios, Postman.

### Projects

#### 1. BloodBridge

[Live Link](#)

BloodBridge is a full-featured blood donation platform connecting donors, recipients, and volunteers through a secure, responsive MERN-based web app.

##### Key Features

- Role-based dashboards for Admin, Donor, and Volunteer with tailored permissions.
- Secure donation request and donor management system with JWT-auth and real-time updates.
- Integrated funding via Stripe, blog content system, and donor search with filters.

**Tools Used** : React.js, Tailwind CSS, Firebase, Express.js, MongoDB, Stripe, JWT, TanStack Query, Framer Motion, EmailJS

#### 2. BulkNest

[Live Link](#) | [Client](#) | [Server](#)

BulkNest is a B2B platform that connects suppliers and buyers for bulk trading through an easy-to-use interface.

##### Key Features

- Seamless browsing and ordering experience with responsive design and toggleable card/table views.
- Secure authentication system with protected routes and role-based product management.
- Advanced filtering, sorting, and search functionality with intuitive empty state handling.

**Tools Used** : React.js, Tailwind CSS, Firebase, Express.js, MongoDB, JWT, Framer Motion.

#### 3. CrewUp

[Live Link](#) | [Client](#) | [Server](#)

CrewUp is a community platform that helps you find, join, and manage local hobby groups easily and stay connected with like-minded people.

##### Key Features

- Community-focused platform enabling group discovery, search, and category-based exploration.
- Role-based dashboard with personalized group management, profile editing, and booking overviews.
- Integrated contact system with EmailJS, responsive design, and smooth animations using Framer Motion.

**Tools Used** : React.js, Tailwind CSS, Firebase, Express.js, MongoDB, Framer Motion, EmailJS.
